#### THE NEW MOTOROLA MTH650 TETRA HANDPORTABLE TERMINAL

As the latest addition to our market leading portfolio of TETRA terminals, the MTH650 Handportable terminal is designed to perform in the most demanding conditions, providing your organisation with an uncompromisingly reliable communication solution that is:

- Flexible, versatile and easy to use
- Reliable, safe and high performance
- Strong and compact
- Ergonomically designed for comfortable use
- Feature-rich and easy to personalise
- Rugged, yet light

#### **YOUR LIFELINE**

The MTH650 has been extensively researched and engineered to give you the ultimate in TETRA reliability and security. You told us what you needed — we listened and responded.

You also told us that every second counts in your organisation, which is why we've included a host of revolutionary features to make life easier and safer for you.

- Brand new ergonomic form factor design makes the terminal ideal for comfortable lapel-wearing, on the belt and in the hand, ensuring easy and secure handling and operation.
- Innovative multi-purpose knob design, which allows you to operate Talk Group selection and volume control functions in an easy, flexible and personal way.
- Unique screensaver, which enables easy identification at a glance via officer branding and enhances security by hiding sensitive information.

Of course, the MTH650 still has all of the standard features you would expect from a first-rate Motorola TETRA terminal including:

- Top mounted Talk Group selector and volume control
- Programmable one-touch feature buttons
- Large, well protected screen
- Dual earpiece and front mounted speaker design
- Dual microphone design for optimal dispatch and telephony-style operation
- Inverted display allows flexible screen viewing
- Ambience listening feature for enhanced user safety allowing radio to "switch off" whilst continuing audio transmission
- Microphone sensitivity increased if the terminal is dropped in a struggle

#### A HISTORY OF EXCELLENCE

Motorola is the leading authority in TETRA technology and boasts 65 years of unrivalled experience and expertise in the communications market. We already offer a global portfolio of well-proven TETRA terminals and the development of the MTH650 represents the culmination of our knowledge across all sectors, guaranteeing it as the terminal you can rely on, whatever your needs. Here's just some of the reasons that make Motorola the driving force behind TETRA...
